INTERESTS

Going to gigs, exhibitions and cooking are my passions. My adventure bug means I love exploring London and other cities to find inspiration - if I can do it on my bike that's even better. I'm currently undertaking another AfterEffects course so I can pursue a new path of motion graphics, as with practice I'll be better than I am today.

CHARACTER

- Social
- Proactive
- Challenge seeker
- Eagerly watch multiple tutorials to get a new job done
- Will change hair colour, depending on the season
